

# OSCARS Newsletter ~ August 2015

## Extra Extra !!!!

### Left Property

We are already getting many jumpers, coats etc. left behind. It would be very helpful if you could label your child possessions enabling staff to return them easily.

We have mentioned before in newsletters we have been having trouble with the internet and receiving your emails. To this end, we now have a new provider and therefore a new email address.

Please email us on [oscars.terrapin@btconnect.com](mailto:oscars.terrapin@btconnect.com)

### New Playworker Required.

James has now sadly left us to pursue his career after graduating this summer. We are looking for someone aged 17 or older who is sports orientated and available during school holidays. No experience of working with children is required but a good sense of humour and patience is. If you know of anyone who fits the bill and would be interested in joining our happy team please let him or her and Pam know.

### Back to school in September.

If your child is moving up to Year 2, they will be able to come over to OSCARS after school on their own (we will continue to monitor them in the playground to ensure they do get to us!). If however, you think that is too much for your child to cope with, we will continue to collect them. Please let Pam or a senior member of staff know your wishes.
