

OSCAR'S Newsletter ~ May 2019

**A.G.M 18th June 7-8 pm,
in OSCAR'S.**

Please spare an hour to come to the AGM this year – we have a number of really important decisions to take and issues to discuss with parents. We will be discussing the plans for the summer Playscheme (see below), and we will be sending two key documents for you to read as part of changing OSCAR'S to a Charitable Incorporated Organisation (CIO). We need a good turnout of parents and Committee members to make the decision to move to the CIO legal. We will also be sharing the results from the Parent survey, progress with recruiting a new Manager, our Accounts for the year and electing our Committee as normal. Do please come if you can - tea and cake will be provided!

IMPORTANT NEWS – Summer Playscheme

Numbers may be restricted this summer due to FCCE School undergoing major renovations and therefore we will not have access to extra rooms or toilets. Please read carefully the accompanying letter which explains in detail the changes to our booking system and sessions available for this Playscheme.

Coming up in May - Frog crafts

****** F.C.C.E. parents, have you returned your re-booking form for September 2019? It was due by the 10th May so please return it ASAP if you need to retain your child's place.**

Following on from our request for nut free lunch boxes could we please ask you not to put kiwi fruit or kiwi fruit products in lunch boxes as people with nut allergy can also be allergic to kiwi. Thank you

A4 paper. As you can imagine we get through lots of drawing paper. Is your firm changing name and you have reams of paper with letterheads that are out of date? If so, we can provide a home for your unused paper, please bring it in or tell us so we can arrange collection!

Help Needed We need to update/replace our website. Can you or do you know anyone who can help? We would like to be able to edit/add items ourselves rather than wait for a third person.

Survey Monkey results have been shared at our last parents meeting. Thank you to the 45 Parents & Carers who responded. We take your feedback seriously and will discuss it even further at our AGM but we have already put some changes into practice such as additional fruit at snack-time. If you were not able to attend and would like to raise a concern, please speak to Pam or any playworker and we will do our best to help. Please feel free to ask us how your child has got on during their time with us. We do like sharing the positives and not just asking you to sign the accident book!
